COLORING & ACTIVITY BOOK

Learn - Practice - Get Outside Safely

Ages 4-8

THIS SAFETY BOOK BELONGS TO...

I can listen, practice, get outside, and meet my family at our safe place.

Copyright 2026 Alannah Dior's Learning World. Personal use only.

A NOTE FOR GROWN-UPS

Practice calmly. Adapt the plan for every child and home.

Children need repeated, calm practice. Teach them what the smoke alarm sounds like, two ways out, the outdoor meeting place, and that they must never go back inside.

Test alarms monthly. Practice the plan at least twice a year. Plan help for babies, older adults, pets, and anyone with mobility, hearing, vision, sensory, or communication needs.

In a real fire: get out, stay out, and call 911 from outside. Follow local emergency instructions.

Safety guidance: U.S. Fire Administration, NFPA, and American Red Cross.

ALANNAH'S FIRE-SAFETY PROMISE

I listen when a smoke alarm sounds.
